About Lakelands Public Health

Lakelands Public Health serves the County of Haliburton, the City of Kawartha Lakes, Northumberland County, and the City and County of Peterborough. The organization works to protect health, prevent illness and injury, and promote overall well-

being for everyone who lives, works, and learns in the region, including urban and rural communities as well as Alderville, Curve Lake, and Hiawatha First Nations.

Established through the voluntary merger of the Haliburton, Kawartha, Pine Ridge District Health Unit and Peterborough Public Health, Lakelands Public Health combines local knowledge, public health expertise, and a strong community focus to deliver programs and services that respond to local needs. These include infectious disease prevention and control, healthy living initiatives, environmental health, school and family health programs, and emergency preparedness.
